Power

50W

Light color

Бяла  
светлина

Technical Specification

|                                          |              |
|------------------------------------------|--------------|
| Beam angle                               | 120°         |
| Brand                                    | Optonica     |
| Correlated Color Temperature             | 6000K        |
| Items per pack                           | 1            |
| Lumen maintenance at end of service life | 70%          |
| Ra ≥                                     | 80           |
| Warranty                                 | 2 Years      |
| Energy Consumption                       | 50 kWh/1000h |
| Power                                    | 50W          |
| Items per box                            | 1            |
| Life span                                | 35 000 Hours |
| On/Off Cycles                            | 35 000x      |
| Body Color                               | Black        |
| IP                                       | 66           |

|                     |                                  |
|---------------------|----------------------------------|
| Instant On          | 0.1 s                            |
| Temperature         | -20°C/ +40°C                     |
| Operating Frequency | 50-60 Hz                         |
| Material            | ALU + PC                         |
| Working time        | 12-14 Hours / Charging 4-6 Hours |
| Size of product     | 533.5x215x79mm                   |
| Product Code        | SL50-A3                          |
| Battery             | 3.2V 45Ah                        |
| EAN Code            | 3800156691438                    |
| Flux                | 6300lm                           |
| FLUX per watt       | 126 lm/W                         |
| Size of package     | 730x435x150mm                    |
| Light Color         | Бяла светлина                    |
