

### Proyector LED SMD Cuerpo Negro IP65 Con Sensor

Power

20 W

Light color

Luz blanca

## Technical Specification

|                                          |              |                   |                                                |
|------------------------------------------|--------------|-------------------|------------------------------------------------|
| Brand                                    | Optonica     | Beam angle        | 90º                                            |
| Correlated Color Temperature             | 6000K        | Product Code      | FL20-B3                                        |
| Dimmable                                 | No           | Glass             | Black edge clear glass                         |
| Items per pack                           | 1            | Color Designation | White                                          |
| Life span                                | 25 000 Hours | Input voltage     | 220-240V                                       |
| Lumen maintenance at end of service life | 70%          | IP                | IP 65                                          |
| On/Off Cycles                            | 25 000x      | Material          | ALU + Glass                                    |
| Warranty                                 | 2 Years      | Ra ≥              | 80 Ra                                          |
| LED Type                                 | SMD          | Power             | 20 W                                           |
| Flux                                     | 1800 lm      | Power LED         | 20 W                                           |
| Energy Consumption                       | 20 kWh/1000h | Size of product   | 121x190x54 mm                                  |
| Body Color                               | Black        | Weight of Product | 0.460 kg                                       |
| FLUX per watt                            | 90 lm/W      | Cable             | 15cm, 3x0.75mm <sup>2</sup> black rubber cable |
| Wattage Equivalent                       | 20W          | EAN Code          | 3800156657748                                  |
| Temperature                              | -20°C/ +40°C | Light Color       | Luz blanca                                     |
