

### LED Strip 5050 RGB 24V Waterproof Professional Edition

Light color

RGB

#### Technical Specification

|                                          |               |                    |                  |
|------------------------------------------|---------------|--------------------|------------------|
| Beam angle                               | 120°          | Weight of Product  | 200 gr.          |
| Brand                                    | Optonica      | LEDs/m             | 60               |
| Life span                                | 25 000 Hours  | Material           | Flex PCB         |
| Lumen maintenance at end of service life | 70%           | Roll               | 5m               |
| On/Off Cycles                            | 25 000x       | IP                 | 54               |
| Operating Frequency                      | 50-60Hz       | Energy Consumption | 14.4/m kWh/1000h |
| Ra ≥                                     | 80            | Power per meter    | 14.4W/m          |
| Temperature                              | -30°C / +50°C | Product Code       | ST5050-A2        |
| Warranty                                 | 2 Years       | Input voltage      | 24V              |
| Power Factor                             | 0.5           | Color Designation  | RGB              |
| Instant On                               | 0.2s          | EAN Code           | 3800156648623    |
| Dimmable                                 | Yes           | Flux               | 1000 lm/m        |
| Energy Efficiency Label                  | G             | Light Color        | RGB              |
| LED Type                                 | SMD           |                    |                  |
